

Remarks

Reconsideration of this patent application is respectfully requested, particularly as herein amended.

A substitute specification and a revised abstract has been submitted for this application. A marked-up copy of the original specification showing the changes which have been made in the substitute specification has also been enclosed, on separate pages, in accordance with the requirements of 37 C.F.R. §1.125(c). The substitute specification includes no new matter, and includes the same changes as are indicated in the marked-up copy of the original specification. The Abstract has been reproduced on a separate sheet enclosed with this Supplemental Amendment, in accordance with the requirements of 37 C.F.R. §1.72(b). Entry of the enclosed substitute specification and the revised abstract is therefore respectfully requested.

It is submitted that the present application has been placed in condition for allowance and corresponding action is earnestly solicited.

Respectfully submitted,
